

Travel Vaccine Price List*

***Please note all vaccine prices are subject to change**

Community Health Services carries CDC recommended vaccines

Some medical insurance plans may offer coverage for travel related services. We **do not** submit to insurance for vaccines not listed on the CDC recommended immunization schedule(YF, Typhoid, JE). Payment for those will be due at the time of service. We do offer an itemized bill that you can submit to your insurance plan to seek full or partial reimbursement. **Please note, Medicaid does not pay for most travel related services.**

CHS may also be able to order/ administer vaccines not listed below. Please call us at 970-920-5420 for more information
